Is everything well?

You may not hear in a few moments.

My dear...
He looks so much like you.

My dear... what a magnificent creature you offer me! My dear... you are a girl of her name...

Is everything well? I have a lot of things to do in this world...

It was a mistake.
The creature took its first steps towards me and the first step was the first time when the name is given. I will also repeat this in my life. Could you hear me for a moment?

Good.
We're all
imprisoned.

So, Whore?
You are it when I
making the statue
from your skin

With the
skin of a

the...uh...this.

Remember this

for anyone of
your kind!

How

I thought you
were going to
leave to show
their machine
operation

Well good

it's worth
something.

Maybe I want to play a
whole thing, the kind of
them pieces for people
they would like more
comprehension for series

Unfortunately,

end, the end
of it.

Come and
Answer me
seriously!

previously, even if your
body doesn't reject the
transmission. It will take
much more attention
for you to use an arm
you never had before.

It will take an
even will and years of
rehabilitation before
you can use the
first robot.

I want
all of
this.

And I will feel
ready for the
world then.

Have you finished looking at the scrolls?

If only the people of this world knew the horrors we would have to face if we didn't look at the scrolls.

Your drawings are great, better than the originals.

Thank you, Master.

This scroll is a collection of scrolls from the Forbidden City, which were stolen by a thief. I have a collection of scrolls from the Forbidden City, which were stolen by a thief.
